## Alpha Psi Discuss Future at College

The spring banquet of the Alpha Psi Omega was held May 29 at the McCloud hotel. President Les Hazen led a group discussion on the future of the organization in York College.

## Delta Lambda Mu Initiates Seniors

The Delta Lambda Mu tea will be held this afternoon at 3:00 in the Dean Amadon room at Middlebrook Hall. The speaker will be Bernard L. Cook, Wichita, Kansas.

Dr. Noll is to be in charge of the initiation of the new members into the organization. Pauline Glock, York '18 will sing a solo and Joyce King, freshman, Great Bend, Kansas, is to play a piano solo.

The members of the graduating class to be initiated into the group will be announced at a later date.

## The Greatness That Is York College

From as long as I can recall I've been told about Y. C. . . . been told that it was a wonderful place to receive an education. Throughout my life, I've associated great names, in the sense of truly Christian greatness, with the name of York College. Such names as Amadon, Weidler, Doty, Bisset, Ashcraft, and many others that we could mention, are not only great names in the annals of York college but in those of the church and human advance in general. But more important are the names of hundreds of students who have gone in the same manner as they are leaving today . . . not saying goodbye but "have to go but I'll be back."

Why is there such an attachment as this to York College? True, it is a similar type of sentimentality which any graduate associates with his alma mater. But it is more. We have at Y. C. a living type of Christianity which has defied and thwarted attempt after attempt to snuff out this Christian influence. Many will remember the depression of the 1930 and the war years when students were scarce.

We do not deny our mistakes. We feel that we shall be better in the future for having made them. But don't be mistaken at my in-

tent. We are not a colony of angels nor are we perfect Christians. Indeed, if we were there would be no necessity for York College at all.

But York has made valuable contributions to every phase of life and I feel confident, as do most other students, that she will continue to do more than merely justify her existence in the future.

Loyalties, atmosphere and spirit cannot be transplanted. These are the things which make a Christian college besides the direct influences of Christianity. Cultural progress and Christian values cannot be interpreted with a dollar sign. Growth does not begin by amputation, rather that is the beginning of the end. Growth comes as a result of nutrition.

It remains, therefore, the duty of students, faculty, and all of the interested alumni and friends of York College, to make Y. C. bigger and better than ever before. We don't need miracles to make her grow. What is needed is sincere loyalty, consecration, and hard work, plus the faith that Y. C. will be a college to which we may send our children, assured that they will receive training for life in the priceless tradition of York College and her Christian greatness.

## Class '52 Dons Caps, Gowns for Exercises

Baccalaureate exercises for 29 graduating York College seniors were held at the Evangelical United Brethren Church at 8:00 P. M., Sunday, June 1.

After the invocation by Dr. Ashcraft, and a hymn, Dr. Morgan read the scripture from Matt. 6:26-34. The York College Choir then sang Carrie B. Adams' ever beautiful "Remember Now Thy Creator." Rev. R. E. Miller, Sacramento, California, spoke on "What are You Looking For?"

The York College Choir sang another favorite anthem "Oh, Sing Unto the Lord." Dr. W. P. Watkins led in the benediction.

The following morning at 10:00 A. M. these same seniors marched into the Evangelical United Brethren Church to the music of "Pomp and Circumstance," played on the organ by Miss Eda Rankin. It was the Commencement service that they have long awaited.

Dr. O. W. Carrell

Dr. C. E. Ashcraft led the invocation and the Y. C. Choir followed with "Who Crucified My Lord," by Belcher and "My Soul Doth Magnify the Lord," by Mrs. Bobby Voris, prepared by her for part requirement toward graduation with a music major.

Dr. O. W. Carrell, president of the Nebraska Central College, at Central City, delivered the commencement address entitled "The Indispensable Pattern."

## The Unchangeable Faith

Some one once said that no matter what Christians did or how they tried to pervert Christianity, they have not changed it one iota. Denominations have tried to change the personality of Christ and have always failed for it can not be changed. Even philosophers have endeavored to change man's concept of God and have done so, but God remains the same.

This is a valuable truth to know as it will keep one free from being disillusioned. If we pattern our ideals, our life after some one person we are letting ourselves in for a big let down. If we put our faith in to a denomination we are often given set-backs. If we try to reason out God we end up a nervous wreck, as our mental ability could never be great enough to have a complete understanding of God.

We must then hitch our wagon to something that is unchangeable, timeless, and not affected by human frailties. There can be only one thing and that is God, unadorned my man's follies. If all our faith is thus reposed we need never fear any trial or troubles breaking us as we have founded our faith in the eternal.

## The Reason Is There

It is Sunday evening. The minister is reading the beautiful words of the scripture, "O Sing Unto The Lord. . ." Now the choir is singing.

There they are. The church people. Old and young, smiling and sad, eager and withdrawn. Why have they come this evening? Why?

There's a couple in the balcony, holding hands, thinking only of each other. The boy, a slender dark-complexioned youth, is wishing he'd had money enough to take his girl to a movie tonight. They are here because they could not afford to go any place else.

On the front pew downstairs sit another twosome, an elderly couple. The man, grey-haired, wearing large plastic rimmed glasses is nodding shamelessly. He is obviously wishing he were home in bed, or, at least, home in his soft red chair dozing behind his paper. UHH! Now he's awake. His spouse just gave him a poke in the ribs. He came because of her.

Over there in the side pews two little boys fidgeting by their father are wishing, very violently, that they were almost any place but where a little boy must do the impossible—sit still. Their father brought them.

Two heads over is a tall man with a tanned face. He is gazing raptly at a painted dove on the ceiling over the minister's head. His thoughts are of guns and hunting. His twelve-year-old is singing a solo.

Half way to the back in a row all by himself sits a very stooped, very deaf old man. His face and clothes are grey and wrinkled, and he holds a threadbare Bible in his hands. He came because he had no where else to go.

Our eyes rove over the church. Surely . . . somewhere . . . Far to the back, in the next to the last row is an old lady. Her oval face is framed by beautiful white hair. Her cameo features are alive. She leans slightly forward in her pew, her lips parted in a half-smile, as she strains, breathlessly, to catch every word. What is she thinking? Why did she come?

The reason is there. It caresses her kind face, it shines in her eager eyes, it hovers about her raised head. She came because there is no place—at least not in this world — where she would rather be!

## Nebraska Boasts Summery Summer

"Ah—the flowers that bloom in the spring, tra la." Pardon me, I meant to say "ha, ha." Ah, yes, in the spring occurs the awakening. The crocuses and daffodils poke their pretty heads through the warming earth and look around. They scurry back under the earth and come up again with ear-muffs and mittens. 'Tis a pity to deceive the poor little innocents but yes, it is nearly summer. And how can I tell? Why, in Nebraska there are definite signs—near-zero weather, winter coats, icicles on roasted weiners, and ever so many more. All sure

signs of approaching summer.

But don't misunderstand me! This could even make the inventor of the deep freeze go broke. We now have frozen vegetables before they even leave the ground. (Egads! Shades of Wortman!)

And I hear that summer in the country of California is quite different. Nice, soggy, warm drizzles from spring till fall. Oh, to live in California.

But best of all, is dear old Nebraska. It's exciting and holds you spellbound. You don't know what's coming next. So I'll take Nebraska weather, "the land of summery summers."

## The Phrase that Refreshes

By Bob Herrick

"You do not know what hope is, until you have lost it. You only know what it is not to hope; you do not know what it is to have hope taken from you."

Most of the stumbling blocks people complain about are under their hats.

## HuLitt - Hi Lites

These last few weeks go fast, much too fast for pleasure. Finals come and go before we know what has hit us, but that's not the reason for wishing Father Time to slow down.

Living in a small dorm is like being in a large family and ties of friendship grow strong over the winter months. Although most are returning to next year's bath tub parties and Middlebrook Hall class rooms there are a few who won't be back for various reasons.

To those we want to say, "This year has been full of many pleasant memories and you have played a large part in them. Although our paths have crossed for a few short months, our friendships will reach out over the years to come. May God be our guide throughout all life's course and may we again meet some where."

As usual when the last test is completed an all night party is staged and all the hallers eat and play games until breakfast is served. This semester had its

The only money that goes far today is a coin rolling under the bed.

"The pride which is proud of the lack of pride is the most offensive of all." —Marcus Aurelius

But all in all, the most refreshing phrase at the moment, is one heard on the campus recently, when a friend would come toward you and you were able to say, "Just had my last test!"

traditional party Friday May 30, with all hands present.

Their aim for the summer is to bring back all the new students they can find. The boys mean business, so don't put up any resistance.

See you again next year when Hulitt Hall will again ring with voices, some new, some old, and will once more become the place where never to be forgotten memories are made.

## A Sport's Opinion

by The Sports Editor

Everybody likes a winner, but for each winner someone has to lose. Since the public always hears of those who win, what of the loser? Mistakes and poor judgment are forgotten when you win, but they are over emphasized if you don't.

In baseball we have two very good examples of this. A few years ago a pretty good pitcher had a no-hitter going with two out in the ninth inning. With one wrong pitch, a swing of the bat and the upset that followed, Bevens was forgotten and the hero of the day was a pinch hitter.

Last year to climax one of the greatest stretch drives in modern baseball Bob Thomson poled a home run. We Americans like storybook endings, in our movies and in our

baseball games, and the winning team is the talk of the town for days, but not so the opposition.

Since not all of us can play for pay and even fewer of us will get to play in the World Series, how about our wins and losses? We all like to win, and certainly we get disgusted if a member of our team is not very enthusiastic about winning. There are times when we let this competitive spirit run away with us.

For the best example here on the campus, we should look at the Middlebrook Gals softball team. In intra-murals they seem to get a constant drubbing and yet they play their games and spend less time in disputes than any of the other stronger teams.

Somewhere between playing for fun and playing for pay there is a fine line that should have a bearing on our tempers. Our amateur sports have attempted to imitate the pros and in some cases the imitations are very hammed up. Disputes with an official are, many times, out of order and only slow down the game. Keep up the good work, gals. You may not win too many games but it looks as if you will top the league in enjoyment of the game.

As the year closes and towels and equipment are put away, it is time to look at our accomplishments. Y. C. had the number two team in the conference in both football and basketball plus the top individual point getters in both sports. While the track team finished fourth, Panthers won the 440 and javelin. The tennis team copped the trophy and had a very good season. Since many of us are prone to think of oneman teams, this is dedicated to the forgotten men who seldom make the headlines.

Some years ago in a world series game, Joe DiMaggio was set down hitless, including being struck out. In spite of this the Yankees won the ball game by a decided margin. A opposing fan spotted Joe and addressed him as follows: "I guess we showed you today, Joe, nothing for four and Wyatt struck you out; the great DiMaggio!" Joe's answer came with sincerity and a decided edge: "You didn't play DiMaggio, but the Yankees. If you will look at the score book you will see they won." Joe realized he was a cog in the machine and if the machine stopped the importance of a single cog would go unnoticed.

People have had much to say about being a good loser but what about being a good winner. One of the great compliments that can be given a winning team is—"If we had to get beat, I am glad you were the ones." Good hard, clean competition has always been one of the Panthers' strong points. Most of us who like sports would like to be athletes but remember, "You don't have to be an athlete to be a good sport."

## Midget Saga Enlivens Campus

This tear-jerking saga concerns two midgets, John and Marsha, who are on board a *Shrimp Boat* enroute from Pittsburgh, Pennsylvania to Bermuda. Marsha is John's *Lady Love*. "Nevertheless, he is *Brokenhearted* because his undying affection is unreturned. Every night, on deck, he is heard to *Cry*, "Be My Life's Companion," but he is always answered with *Three Little Words*, "Please drop dead!" "Don't Be That Way," he pleads but to no avail.

Until one night, a *Little White Cloud* starts crying, and it cries 'n cries 'n *CRIES*. Our hero is still *Singing in the Rain* when his beloved floats by. Being of a curious nature, he questions, "Goin' Fishin'?" She isn't. The ship is under water. Frantically, he starts swimming after Marsha. He finally reaches her and drags her aboard his life-boat. Then they landed on a desert island which had conveniently located itself in the middle of the ocean in which they were floating. "Well, John," she conceded, "Because of You" I am alive and since there is no other man on this island, "I'm Yours." A *Guy* is a *Guy*, I guess.

When asked what hobbies she had, Miss Edith Callender said, "I love to read, but most of my time is devoted to reading student compositions."

Miss Callender, a graduate of York College '15, has been head of the English Department since 1928. She did graduate work at the University of Chicago, after which she got her master's degree from the University of Nebraska. Since taking her degree, she has had some additional courses at Nebraska.

Miss Callender also stated that she likes teaching at York very much because of the superior character and spirit of the students who attend the college.

She makes her home with her sister Ruth at 729 Blackburn Ave.

# Panther Netmen Bring Home Conference Tennis Trophies

Don Erfourth and Bill Watkins, playing iron-man tennis, emerged from the Central Church College Conference with both the singles and the doubles championships. On a cold, windy, and at times, rainy day, York's Panthers grabbed doubles honors. Because of darkness Bill Watkins did not take the singles crown until four days later when the final match was held.

Tarkio loomed as an early threat with Moore of the Missouri school dropping Don Erfourth, the favorite. Bill Watkins took a quick win over Boerger of Concordia and in the semi-finals dropped Graham in a long match. At the same time Lohman of Concordia outclassed Moore of Tarkio and it was Watkins vs. Lohman in the singles finals.

**A photofinish of the mile relay at the final CCC track meet at Omaha University. Glen Kraft, Concordia, set the record time at 3:43.6 with Bob Miller of York coming in second.**

In the doubles it was a case of stamina, at least as far as YC was concerned. Tarkio bumped Concordia in two quick sets and again looked very good. After about a forty-five minute wait, with clouds and darkness very close, York trounced Dana in a quick game and there was just time for the big one. Four tired boys started what was a surprisingly quick win for the Panthers as Don and Bill took conference doubles championships in two sets. In a postponed match Watkins defeated Lohman and once again York had the singles trophy.

It is tough enough to win a title once but to defend and win again is even tougher. Neither Don or Bill will be back next year so it may be a different story. The Panther tennis team lost only once, to Tarkio. YC is proud of the entire group.

## 1952 Panther Football Schedule

Two dates are, as yet, open but the boys from the college are going to be very busy next year. There is an extra game and they are getting an earlier start.

A conference championship is the goal of next year's squad. Coach Haight is quite optimistic and is eager to meet anyone who wants to play football.

Here is the schedule with the two open dates:

- September 19—Friend University of Wichita, here.
- September 25—Open.
- October 3—Concordia of Seward, Nebraska, here.
- October 10—Dana, there.

## Kyle, Peru Coach Switches to Tarkio

Newt Kyle, formerly coach of Peru State Teachers College, has accepted the Athletic Directorship at Tarkio, Missouri. He will also coach basketball replacing Neil Gates. He has turned out some real ball clubs in the past and the Panthers will cast a wary eye at him in the future.

Lito Martinez (left) and Bob Miller received the only two blue ribbons awarded York at the conference track meet. Lito tossed the javelin 139 feet 8 in. and Bob covered the 440 in 54.75.

Well, Fellow Foresters, as one tree said to the other tree, "I'm leafing." Some say the leaves begin to turn just before examinations, but I believe that is when the nuts fall!

Just looked up the word "freshman"; it means a novice. This means inexperience especially in something to be done. It also means a tyro. A tyro is a rudimentary acquaintance. Rudimentary comes from "rudiment" which means an unfinished beginning. That is what we hope to see up here next year—about 100 new faces with unfinished beginnings? If this is a trifle confusing, write York College, York, Nebraska, for full details about enrolling. I don't want to hurt anyone's feelings for not all high school seniors are inexperienced when something is to be done. The No Rate a Date club's membership goes down when they come to visit so there is experience somewhere.

While we are talking of animal skins, let us remember the seniors and their sheepskins. Since they have pulled the wool over the eyes of both pros and students, we are glad to give them the rest of the sheep. A diploma is also a charter which is an instrument executed in due form. Most of us know what happens at executions so — congratulations, seniors, glad you made it. Each of you may order a question mark, a period, or an exclamation point, for you have completed your sentence.

Well, kids, that is just about the (30) mark for this year. I would like to end this column a little different but it seems the only way to stop the thing is to quit writing. This summer may see a big change in everybody but if the good Lord is willin' I hope we can get together next year. In closing, remember, life is like a checker game. If you make all the little moves right, the big ones will take care of themselves.

## Senior Chapel Presented Monday

A quartet consisting of Herb Kamm, Platte Center; Harold French, Wichita; John Bergland, Great Falls, Montana, and Paul Woelfle, Loveland, Colo., opened the senior chapel program by singing a very appropriate "How Can I Leave Thee?"

Don Erfourth read the class history, after which there was a humorous presentation of honorary degrees by Charles Boone, York; Bob Miller, Cheyenne, Wyoming, and Paul Woelfle. In the opening of the prophecy of 1977 Bob "Prospect" Miller read, "Harold French, 1951 Senior Class President, was named president of York College. The college now has an enrollment of 500 and many more 'prospects'."

As the curtain again opened, Rolland Allison, Cascade, Wisconsin, directed the senior touring choir and Justina Peters, Henderson, read "Cyrano's Point of Prominence," by Rostand. Harold French, Senior Class President presented the Will. We quote:

**John Bergland**, well known as the lovable Swede,  
Wills his traditional love of a feed,  
To one whose capacity's no minor thing,  
And, in order to rhyme, we'll make it **Joyce King**.

**Justy Peters**, who likes to work out in the gym,  
Wills to her pal, **Diane**, on a whim,  
Her ability to tumble so easy and free,  
But warns, if she falls, that her end it will be.

**Sylma Warratie**, who's come to us here from afar,  
Has made a fine record which nothing could mar,  
But in one respect has proven quite wary,  
By willing his library fines to wife, **Mary**.

**Frank Wooters**, an athlete of outstanding skill,  
Includes a nice present in this his last will,  
He leaves to **Dave Miller** his fast flying feet,  
In addition to speed, their smell is more sweet.

## Thomas - Voris Vows Exchanged

On May 30, at 8:00 p. m., at the Evangelical United Brethren Church in York, Miss Evelyn Beth Thomas, daughter of Mrs. Mabel Thomas of York, was united in marriage to Bobby Dixon Voris, son of Mr. and Mrs. J. F. Voris, Riverdale, California.

Rev. C. E. Ashcraft performed the double-ring ceremony in the presence of 250 guests.

Clarke Thomas, Lincoln, Nebraska, brother of the bride, sang "Because" and "Calm as the Night" accompanied by Miss Eda Rankin who played appropriate organ music preceding and during the ceremony.

Serving as bridal attendants were Mrs. Harold Walker, Mullinville, Kansas, sister of the groom, matron of honor. Mabel Brandenburg, Russell, Kansas, and Mrs. John Bergland, York, were bridesmaids.

Norman Allen, Riverdale, California, served the groom as best man. John Bergland, York, and Martin Smith, Salina, Kansas, were groomsmen. Ushers were Tom Stone, Antigo, Wisconsin, and Bob Miller, Cheyenne, Wyoming.

Immediately following the ceremony, a reception was held in the church parlors under the supervision of Mrs. Allen Kellogg, Hutchinson, Kansas, and Miss Regina Heatherington, Mullinville, Kansas.

After a brief wedding trip, the couple returned to York where the bride was graduated from York College on June 2. They plan to spend the summer in Riverdale, Calif.

Next fall, the groom will return to York College where he will be enrolled as a junior and the bride will teach in the Gresham public schools. They will reside in Gresham.

## Acheson: A Contested Figure . . .

(ACP) About one in every three college students hasn't made up his mind about Secretary of State Dean Acheson. Of the other two-thirds, a slight majority disapproves of the job Acheson is doing.

Many of the comments run something like this: "I don't know a thing about it;" "Don't know all the facts;" "Haven't paid much attention lately."

A cross-section of American college students were asked: In general, do you approve or disapprove of the job Secretary of State Dean Acheson is doing? Here are the results:

- 1. Approve ..... 30%
- 2. Disapprove ..... 33%
- 3. No opinion ..... 34%
- 4. Other ..... 3%

Graduate students tend to be more decided than other students. Only 18 per cent of them have "no opinion," as compared with 36 per cent of the freshmen. Forty-two per cent of the graduate students approve of Acheson.

"He's selling out our government to the Communists," says a Business junior from Kansas State Teachers college.

But another junior, from Huntingdon college, thinks Acheson is "doing a good job in the face of many problems. Any secretary of state will not receive the wholehearted support of the country."

A coed at Northern Oklahoma Junior college thinks Acheson "has catered too much to the 'mink coat' crowd." And a future teacher at Middle Tennessee college disapproves and adds, "Where there is so much smoke, there is bound to be some fire."

A chemistry student criticizes him for "failure to set up a definite foreign policy." Still another, a coed at Wheaton college, Mass., calls him "sincere, but misguided."

A different comment comes from a theology student at Eastern Nazarene college, who says, "Acheson is the one statesman in the country."

Editor's note: This is the last Student Opinion story of the year. We hope you readers have found them interesting and informative.
