## MME. GRAY-LHEVINNE TO PRESENT VIOLIN RECITAL IN YORK

Program Sponsored by York  
College; To Be Given  
November 5.

Mme. Estelle Gray-Lhevinne, noted woman violinist, will present a recital, sponsored by York College, in the United Brethren church, November 5 at 8 o'clock.

Mme. Gray-Lhevinne, pronounced this season by the press, as the world's most famous violinist, has won her entire musical education by a series of scholarships. At the age of eight she gave her first unassisted violin recital to an audience of 1500 persons at the Alhambra Theater, in San Francisco, Calif. At this time she played the entire Mendelssohn Concerto from memory with orchestra accompaniment. By the time she was sixteen, she had won New York with a series of recitals at the Waldorf-Astoria. It was at this time that Theodore Roosevelt said to her, "You have absorbed the message of your great West. I knew you must have practiced in the open, in sight of the great mountains, because of the breadth shown in the strength and virility of your bowing."

At seventeen she made her first continental tour. Before she reached the age of twenty, this vivid violinist had had a two years' successful tour of European art centers. She was asked to accept a life membership in the Cleveland Musical Association, an honor bestowed upon few women. She has perhaps a greater number of followers than any other woman musician.

She presents her great music in a simple, unconventional manner that grips the interest and warms the heart of her audience.

Estelle Gray-Lhevinne is a personality standing alone in the world of violinists. Because of her originality she evolved a unique type of program, making an appeal direct to the hearts of all types of hearers. "She has a way all her own that wins—it's doing truly great things in an intimate, lovable way. Her charm is not alone in the perfection of her virtuosity as a violinist, nor in the fact she chooses the unhackneyed and novel in building her interesting programs, but greatly due to the informal atmosphere she creates by telling humanity interesting bits about everything so one gets the story before hearing the music," is the way the New York Times put it.

The numbers presented were taken from a suite by C. M. von Weber. The selections were as follows:

Invitation to the Dance theme.  
Andante.  
Minuet.

Huntsman's Chorus, from opera "Der Freischutz."

## PANTHER CLUB GIVES PLAYLET IN CHAPEL

"Faint heart never won fair lady," was demonstrated by the Panther Club in the pep chapel held on October 13.

Rodney Whittemore, mounted on his gallant steed, represented Doane trying to win the hand of Lady Victory—Lee Knolle. She repeatedly refused him, and he finally gave up.

Then Maurice Brookhart, as York's football spirit entered the contest riding his horse. Kneeling before Victory, he asked her hand, but she refused him. Also deciding not to be beaten, York finally forcibly carried Victory off the stage—and she liked it!

Following this example of York's evident intentions to fight and win, the cheer leaders led the students in some very effective and peppy yells.

## COLLEGE SPIRIT AROUSED FOR DOANE GAME AT RALLY

"Your pep" was the theme of the rally held Friday evening, in preparation for the Doane game Saturday.

A large number of students gathered around the bonfire on the athletic field, watching an effigy of Doane burn. Lee Knolle and Neva Brookhart led the group in a series of yells and college songs. A number of the football men spoke a word or two of their determination to rout the Tigers. When the effigy of Doane was in ashes, the rally ended with "On, York College."

Does a real pep rally do any good? Ask Doane!

## Y. W. C. A. DEBATES ON COLLEGE ACTIVITIES

Decide That Activities Are Not  
an Asset.

"Resolved that our college and university students are devoting too much time to outside activities," was the subject of the debate in Y. W. C. A. October 14.

The affirmative team, composed of Maude Mann and Minnie Gebbers, pointed out that the real purpose in going to college is to gain knowledge. They claimed that other activities are apt to make one forgetful of the aim of a college education.

The negative team, Wilhelmina Feemster and Jena Haner, claimed that outside activities are needed to make college life well-balanced.

The judges, Misses Wakelin, Slee, and Lundman, announced the affirmative team as winners of the debate.

## NEW BOILER DONATED

A greater efficiency in the college heating plant has been made possible by the gift of a large boiler to the College by the Iowa-Nebraska Light and Power Company. The company planned to use gas instead of coal as fuel and having no further use for the boiler, they gave it to York College. Every person on the campus will appreciate this valuable and timely gift, as continued service from the old boiler was becoming very uncertain. The capacity of the new boiler is more than twice that of the old one.

## Y. W. C. A. PLEDGES MADE AND FINANCE DISCUSSED

"Finance" was the subject discussed in the Y. W. C. A. meeting held October 7th.

The prelude was played by Mildred Thompson and following this a hymn was sung. Then June Crosby, treasurer of the Y. W. C. A., discussed the finance committees and their functions, the work of the national organization in regard to pledges, and the need for money in the different committees. Blanche Watt gave a short talk, explaining the budget plan of our own Y. W. C. A.

Cards in the form of money bags were handed out on which the girls made their pledges for the following year.

## REV. PORTER TALKS TO STUDENT GROUP ON SPIRITUAL LIFE

Speaks on Campus Activities and  
Their Importance in  
College.

"Do not think that everything you get out of college life is gained from text books," declared the Rev. Paul Porter, pastor of the college church, in a chapel talk, on October 8th.

The Rev. Mr. Porter went on to say that athletic, literary society, christian association, and church activities all help the student to make practical use of his book knowledge. All organizations need the hearty cooperation of every student.

In his estimation, the college student should tie up to the spiritual life of the community. Thus perhaps

he will give a new dynamism to the church, for the fresh impetus, which religious work so sadly needs, will come largely from the younger folk. The student who leaves his own church home, when he goes away to college, should adjust himself to his new situation. He should avoid the great danger of leaving out some of the most vital things of life. Churches need college students, and leaders in the larger activities of community life come out of the church. Therefore, the student should find a new church home in the college community.

In closing, the Rev. Mr. Porter expressed the hope that he would be able to address the students and faculty several more times during the year, and intimated that he would use as future topics: "God," "Christ", and "Man." Gebbers

## PANTHERS LOSE TO DOANE TIGERS BY ONE POINT MARGIN

Ruppel Scores Touchdown on  
Pass, York Gridsters Pull  
Surprise on Doane.

In a closely contested battle on the home field Oct 11, the Doane Tigers defeated the York College Panthers by a score of 7 to 6. York held the undefeated Doane team in check in all but the second quarter, when their only touchdown was scored.

The Tigers in their orange and uniforms appeared to have a decided weight advantage. Coach Roy Pierce substituted freely in an endeavor to smash the Panthers, but weight seemed to be Doane's only advantage.

John Franz, speedy Panther backfield man, hurt his ankle early in the first quarter and was unable to continue. Adams carried York's colors into the fray and performed in fine style.

In the middle of the second quarter a long pass and a series of line bucks placed the ball on York's 6 yard line. After four plunges, the Tigers pierced the York goal with Culver carrying the ball. The trial for point by Parker was good and the half ended, Doane 7, York 0.

At the beginning of the third quarter, the Panthers showed increased strength and the offense made some heavy inroads into the Tiger line. About the middle of the quarter, York started an aerial offense, which proved costly to the Tigers. A pass to Gallant was good for 10 yards; then one to Adams repeated the performance. The climax came when Greene passed to Ruppel who ran 15 yards for a touchdown. Wendell's try for point failed.

At the beginning of the fourth quarter Doane staged a rally, but were unable to penetrate very deep into the Panther goal territory. The remainder of the quarter was spent in attempting forward passes. The game ended with the ball on the Tigers' 40 yard line.

Doane substituted freely throughout the game in an attempt to break the Panther defense, while but one substitution was made by York.

St. John, Doane backfield man, suffered a broken leg, and was carried from the field.

## Y. M. C. A. DEBATES ON COLLEGE ACTIVITIES

Decides that Outside Activities  
Are Asset.

The Y. M. C. A. meeting of Oct. 7 was devoted to a debate on the question: "Resolved, That our College and University students are devoting too much time to outside activities." The negative team was composed of Russell Lewis, William Hice, and Max Hawker, while the affirmative team was made up of Rodney Whittemore, William Jeffers and Raymond Wochner. Theron Maxson acted as chairman and Leo Anderson as timekeeper. Professors Morgan, Baller, and Hill were the judges.

The points of both teams were well taken. The negative team pointed out that outside activities were justifiable because they develop one's personality and latent talents while the affirmative team showed that outside activities generally take too much of the student's time and money.

After the last rebuttal had been given the judges' ballots were collected and it was found that the negative team had won by a two to one decision.

## YOUR PEP!

Your pep, your pep!

You've got it, now keep it!  
Doggone it; don't lose it!

Your pep!

While real York College pep has been evident ever since school opened, never has it reached the height that it did during the second half of the York-Doane game. The school spirit that was displayed by our team and student body was marvellous and it helped materially in holding Doane as we did.

Everyone of us who attended that battle came with plenty of pep but as the game progressed our pep steadily mounted until we believed that nothing was impossible and our team certainly caught the spirit.

Why not keep that spirit with us the whole year? In inter-collegiate football, basketball, track, debate, and other contests let's get behind our representatives and cheer them on. Remember, a Panther never quits in a battle but fights to the finish.

We've got genuine pep now but if we are going to keep it (and we are) we must think, believe, and live the idea that York College is "the best old college in the best old town, in the best old state on which the sun shines down."

—William Hice

## BUY A MARATHON

Is there a student in Y. C. who has not left behind him glorious footprints in his sands of time, footprints which he will want enshrined between two covers, so they may quicken his pulse and rekindle his love for his Alma Mater in the later gray years.

Those were trying times when the eager host swooped in as freshman, learned the bittersweet philosophy of humbleness, and spent a miserably happy year under the heels of the upper classmen. Those were tense moments before the jury handed down the verdict of milk bottles, mail order catalogues, or decorating goalposts. Then came the big games. Off with those dinky little caps perhaps! How eagerly we all cheered our teams on to victory.

Then great friendships came into joys of your school life at York College.

Again you will sigh with relief when you think of how close you came to not subscribing to that "book of memories," for you can see "How dear to my heart are the scenes of my scholdays,

When fond annual pages present them to view.

The music, the ballgames, the the classes, the schoolmates Are in the new annual which brings them to mind, The green covered annual, the brown covered annual, The blue covered annual, which soon will be mine."

Yes the Marathon is an investment you can ill afford not to make. Everybody buy a Marathon!

## ARE YOU A BOOSTER?

Are you a booster? Every college has a group of students who give their best to the school and who support and push its activities as much as they can. They are alive with school spirit. Every campus organization of which these individuals are members is alive and growing. The societies are really worth while because of the pep and activity stimulated by the "live wires."

On every campus is a group of on-lookers. Some of them say, "I don't expect to finish here. There is no use of getting into things." So passively they fold their hands and do nothing save study or go to classes. Others may attend the societies, the games, and the other functions, but they say, "Oh, I can't help. It seems as if I just can't get acquainted." They evidence no desire to help, to boost, to smile, and to be a friend. Small wonder that some feel left out while others have a good time making the college their school and boosting it to the limit!

Are you a "booster" or a slacker? In which group are you—Do you give your best to your college, York College?

## GHOSTS!

When the frost is on the pumpkin, and the calendar announces that October is here, one thinks of Hallowe'en, and that festival would not be itself without ghosts.

Hair-raising, gruesome spectacles, aren't they—those spooks who trail their white garments? Were you ever afraid to pass a graveyard, or to enter a deserted house? Foolish fancies, these ghosts of All Hallow's Eve, but until one sees a real flesh and blood hand grasp ghostly apparel, one can't help wondering if—just perhaps—

Ghosts do not appear only on Hallowe'en. There are ghosts peering 'round the corners all through the days to come.

What of that test in "Psych?" Or that chapel speech you know will be dull? When you finally take the test, and hear the speech, you feel as though you have banished another ghost.

And when the next day's seventhirty class seems a trial—just shoo that ghost away. Some day, when you hear the alarm clock—or your wife—announcing that it's four o'clock, a. m.—how about a seventhirty, then?

Ghosts ahead? Yes, but remember, the worst of ghosts are rather jolly characters. And even a graveyard looks pretty and not a bit ghost-like on a moonlit night.

Nathan Gutschow, William Hice, Theron Maxson, and Harold Wilcox.

The purpose of the meeting was to find out how a better and more effective religious program could be carried out on the college campuses of the state. After conference with "Dad" Elliott it was decided that each student must first practice the teaching of Jesus Christ in the group in which he lives, plays, and works, and then work with others who are doing the same thing.

The meeting was an inspiration to all who attended and some suggestions given at the meeting are going to be used to promote the religious program on this campus.

## HALLOWE'EN PARTY

Ghosts walked at the "Con" last Tuesday evening when the girls held a Hallowe'en party.

At 8:30 they assembled in the reception room, dressed in pajamas and sheets. Margaret Yust led the girls out the front door and into the dining room through "ghost alley", where they encountered various obstacles typical of Hallowe'en. The room was appropriately decorated in orange and black with witches, skeletons and black cats lending atmosphere.

Games were played and ghost stories were told after which refreshments of pumpkin pie and whipped cream were served.

New York—(IP)—Here's bad news for fat girls—and for thin girls, too. Dr. George C. Bellingrath of Teachers' College, Columbia University has completed a study in which he discovered that girls who are of either extreme cannot ever become leaders of their classes. The leadership doesn't apply to studies, however. The professor found that it doesn't make any difference what a boy weighs, he can be a leader if other things point that way. Girls, to be class leaders, must be of moderate height, and must come from prominent and well-to-do families. Boys who are leaders can come from any sort of family, and can be any size or shape.

## York College Wins Concordia Tilt 13-0

Hersey and Wendell Score Touchdowns. Gallant Plays Feature Game.

York College won from Concordia College on the home field Saturday afternoon by a score of 13 to 0. York's first touchdown came in the first quarter after plunges by Jose and Adams and a pass, Muth to Gallant, had carried the ball deep into Concordia territory. Muth passed to Hersey on an unbalanced line play for the touchdown.

The Panthers' second touchdown came after a blocked Lutheran punt placed the ball on York's 5 yard line. Wendell went over for the touchdown. The second half was a kicking duel between Muth and Lohse. Fumbles were frequent on account of the freezing weather. Three times in the last quarter York had the ball within Concordia's 10 yard line, but failed to score. Concordia's main scoring threat was the line plunging of Beckman and Canavsky. The Lutherans threatened to score once, gaining York's 2 yard line, but were pushed back. York's line held at all turns of the game, with Gallant and Lewis outstanding. The tackling of Ruppel and the plunges of Wendell and Adams featured for the Panthers.

### Panther Psychology

Bob Greene was appointed Captain for the Dana game and he retaliated by leading the Panthers to victory. He did some fine playing and punting, two of his aerial flips resulting in touchdowns.

A pretty pass from Hersey to Gallant was good for the first touchdown just before the end of the first half in the Dana game.

Clarke Adams scored the second touchdown in the Dana tilt when he took a short pass from Greene and fought his way for twenty yards.

Charles Flickinger is making a serious bid for a half back position. He reported for practice late but is developing into a fast, hard-running back.

The team as a whole came through the Doane game without any serious injuries. There was only one substitution made, so the boys took plenty of hard knocks.

In the Dana game Wendell picked up a fumble and galloped sixty yards to a touchdown.

Ray Ruppel pulled a juggling act to add spice to the Doane game, but grabbed the elusive pigskin and sped across the goal line for a touchdown.

Marvin Hersey drew the assignment of Captain for the Doane game. He played during the entire game at defensive center.

All of the "cripples" managed to get into the Doane game, although

John Franz had the misfortune of injuring his bad ankle again in the first few minutes of play.

The Doane Tigers used twenty-two men in the game while Coach McCandless made but on substitution.

Wellesley, Mass.—(IP)—What is to be the largest map in the world, to cost more than two million dollars, is under construction here. It will measure 63 feet from east to west and 46 feet from north to south. The map was begun about five years ago, and is expected to take 50 years more to complete. When finished it will be a perfect likeness of the country which makes up the United States and Canada. A gallery, 15 feet high, will encircle the map, and viewed from this any section reproduced on the work will appear just about as it would if actually seen from an airplane at a height of 12 miles.
