

Information for EPPs Granted Accreditation

Accreditation Council Decision

Accreditation is granted when the Accreditation Council determines that an educator preparation provider (EPP) meets all CAEP Standards, even if areas for improvement (AFIs) are identified in the final decision.

The Council's decision process begins with an initial review panel, which makes a recommendation on whether an EPP meets all CAEP Standards and confirms or modifies the recommendations from the site team regarding areas for improvement (AFIs) and/or stipulations. Recommendations are then reviewed by a joint review panel composed of the initial review panel, plus an additional initial review panel. The role of the joint review panel is to review the recommendations of the initial review panel to ensure rigor, clarity, and consistency, and to make recommendations to the full Accreditation Council.

The full Accreditation Council makes all final decisions relevant to the CAEP Standards based on evidence submitted by the EPP, findings from the site team, and sufficiency of evidence for each standard, and then acts upon the recommendations from joint panel reviews. The Council pays particular attention to consistency across all of the accreditation decisions.

The Action Report is the official record of your accreditation status and should be used to review and guide your provider's efforts continue to meet the CAEP Standards.

Consumer Information and Representation of Accreditation to the Public

CAEP requires accredited EPPs to provide consumer information to the public, including candidate performance data. Title II data must be publicly available on the website (Accreditation Policy 8.01).

When representing its accreditation to the public, an EPP must report the accreditation decision accurately, including the specific academic or instructional programs covered by the accreditation, and the address and telephone number of the Council for the Accreditation of Educator Preparation as provided on the CAEP website. The official statement to be publicly displayed on the EPP's website is provided by CAEP following the Accreditation Council action, as defined by the CAEP Communication Guidelines. (Accreditation Council Policy 8.04)

The accreditation status and term will be posted on the CAEP website at:
<http://caepnet.org/provider-search>

Annual Reports

All EPPs must submit an Annual Report each year in order to maintain accreditation or accreditation-eligibility. The report is opened for entry each year in January and EPPs are given 90 days from the date of system availability to complete the report. Additionally, the Annual Report requires reporting on Accreditation Policy 8.01, which requires accredited EPPs to provide consumer information to the public, including candidate performance data. Title II data must be publicly available on the EPP's website (Accreditation Policy 6.01).
